

JA Finance Park®

Program Overview

JA Finance Park helps students build a foundation upon which they can make intelligent lifelong financial decisions, including those related to income, expenses, savings, and credit.

The *JA Finance Park* program is composed of 13 required teacher-taught, in-class lessons. It culminates in a hands-on budgeting simulation that is implemented either at a *JA Finance Park* facility, mobile unit, or virtual site. Additional extension activities are available for each lesson topic. Lessons are offered in a traditional classroom presentation format designed for middle-grade students and in a project-based learning (PBL) format created for high school students. Both provide educators a method of delivery that will best meet the needs of their students.

Income

Students recognize the fundamental role of income in managing their personal finances and the factors that affect income and take-home pay. They will understand that the decisions they make about education and careers will have an impact on their potential income and quality of life.

Option One: Traditional Lesson Format

Three (Required) 45-Minute Lessons

- **Lesson One: Plan Your Future**
Students will make the distinction between abilities, aptitudes, interests, work preferences, and values. They will explore various sources of income, including salaries and wages, interest, and business profit.
- **Lesson Two: Careers**
Students identify their career interests and goals and how they relate to future income. They set a career goal they will revisit at the end of the program.
- **Lesson Three: Taxes and My Income**
Students learn about the federal government's three main taxes on income and determine net monthly income by deducting federal income, Social Security, and Medicare taxes.

Extension Activities

- Career Exploration Tool
- Career Choice Research
- Being an Entrepreneur
- Starting a Lawn Care Business
- STEM Careers
- Social Security and Medicare
- Sales Receipt Analysis
- How to Complete a 1040-EZ Income Tax Form

Option Two: Project-Based Learning Format

Four (Required) 45- to 50-Minute Lessons

- **Lesson One: My Life—Got Skills?**
Students will rate their interests, abilities, and values. They will determine work preferences and match them to career options.
- **Lesson Two: My Life—College or Not?**
Students explore how their decisions about education and career have an impact on their income potential and quality of life.
- **Lesson Three: My Life—Where's All My Money? Part One**
Students are introduced to the concept of taxes, why they are paid, and their impact on income. They will determine net monthly income.
- **Lesson Four: My Life—Where's All My Money? Part Two**
Working in teams, students debate the use of tax dollars and how they are distributed.

Saving, Investing, and Risk Management

Students explore saving and compare investments as a part of their overall financial planning. They also examine risk and how insurance may help protect savings.

Option One: Traditional Lesson Format

Two (Required) 45-Minute Lessons

- **Lesson One:** Saving and Investing
Students are introduced to various short- and long-term saving and investment options such as savings accounts, stocks, and mutual funds.
- **Lesson Two:** Managing Risk
Students recognize that insurance policies are a common way to minimize risk for accidents and unforeseen circumstances.

Extension Activities

- Understanding College Costs and the FAFSA
- Understanding Stock Quotes
- Roth IRAs: Teens and Retirement Savings
- Compound Interest and the Rule of 72
- Junior Achievement *Save USA* “Risk and Insurance” online lesson

Option Two: Project-Based Learning Format

Two (Required) 45-Minute Lessons

- **Lesson One:** My Life—Pay Myself First?
Students examine how they can benefit from paying themselves first. They compare the impact that money, time, interest rates, and inflation have on the growth of their investments.
- **Lesson Two:** My Life—Insurance Too?
Students recognize that insurance policies safeguard against risk by providing compensation in the event of sickness, injury, accidents, or other insured circumstances.

Debit and Credit

Students compare financial institutions and their services. Through discussion and a game activity, they weigh the advantages and disadvantages of debit and credit. Students also examine how credit scores and credit reporting affect personal finances.

Option One: Traditional Lesson Format

Four (Required) 45-Minute Lessons

- **Lesson One: Banking Partners**
Students identify the types of financial institutions and the services they provide.
- **Lesson Two: Personal Spending**
Students become aware of the advantages and disadvantages of debit and credit cards.
- **Lesson Three: Savvy Shopping**
Students participate in the Savvy Shopper game and see firsthand the costs and benefits of debit and credit.
- **Lesson Four: Managing Credit**
Students explore credit reports and credit scores, discover why they are important, and learn how to build good credit.

Extension Activities

- Checks and Checking Accounts
- Installment Debt (Buying on Time)
- Rent or Home Ownership
- Leasing or Buying a Car
- Identity Theft

Option Two: Project-Based Learning Format

Three (Required) 45-Minute Lessons

- **Lesson One: My Life—Financial Institutions**
Students identify the various types of financial institutions and the services they provide.
- **Lesson Two: My Life—The Cost of Credit**
Students explain the use of debit and credit cards and their advantages and disadvantages.
- **Lesson Three: My Life—My Credit Score**
Students understand what a credit score is, why it is important, and how to build good credit.

Budget +

Students discover the importance of spending money wisely and recognize a budget as a valuable tool. They create personal budgets based on saving and lifestyle goals and day-to-day situations.

Option One: Traditional Lesson Format

Three (Required) 45-Minute Lessons

- **Lesson One: Think Before You Spend**
Students define what good money management is and why it is important. They discuss how setting financial goals and being an informed consumer will help them better manage their money.
- **Lesson Two: What Is a Budget?**
Students identify the components of a successful budget.
- **Lesson Three: Who Uses a Budget?**
Students practice budgeting and learn how this tool can help them responsibly manage their daily finances.

Extension Activities

- Sample Budgets
- Personal Budget
- Paying for Post-Secondary Education

Option Two: Project-Based Learning Format

Three (Required) 45-Minute Lessons Plus Project Preparation

- **Lesson One: My Life—"Riches to Rags" . . . Not Me!**
Students explore common reasons why people run into financial difficulty, including unemployment, medical bills, overextended credit, and poor decision making.
- **Lesson Two: My Life—Income - Expenses = Reality**
Students identify the components of a successful budget and distinguish between different kinds of budgets.
- **Lesson Three: My Life—In Control of My Money**
Students will make choices and discover how to maintain a budget. They will prepare a budget based on goals and income.
- **Culminating Project Preparation:** Two class sessions or homework
Using the knowledge and skills gained from the *JA Finance Park* curriculum, students create a portfolio and presentation describing their education path, career path, savings goals, risk management strategy, or budget plan.

The Simulation and Debriefing Lesson

Simulation (applies to both Traditional and Project-Based Learning Formats)

Students experience the *JA Finance Park* simulation, where they apply classroom learning by creating a family budget based on a hypothetical life situation. Students recognize the impact of credit history on budget planning and purchasing options.

Option One: Traditional Lesson Format

- **Debriefing**

During the debriefing, students revisit their career goals to see how the *JA Finance Park* experience may have changed their plans for the future.

Option Two: Project-Based Learning Format

- **My Life Presentation**

Students present their insights and knowledge related to one of the four *JA Finance Park* curriculum sections.
